

Application for EuroClio Membership

Applicant:	Hungarian Historical Society Teachers' Division Magyar Történelmi Társulat Tanári Tagozata
Country:	Hungary
Applying for:	Full Membership
Aims of the organization:	The aim of the Teachers' Division is to influence education reform processes by commenting on the central professional documents of History education (curricula, exam requirements, textbooks, teaching aids, teacher training and teacher training programs) and to help the educational practice in order to raise the level of History education. Members of the Teachers' Division are primary and secondary school teachers, academics or academics who are committed to expanding modern history-didactics and methodological knowledge. Teachers' Division supports History teachers by organizing professional events, trainings, reviewing international publications and publishing books and journal articles.
Motivation:	We'd like to join international projects to share experiences and to implement innovative learning methods and materials. It would be inspiring for our members to collaborate with larger cross-border networks, participate in several projects and professional development training. We accept and support the principles outlined in the Manifesto about high quality history, heritage and citizenship education.
